WELCOME TO UNIVERSAL BEIJING RESORT

We have provided this guide to give you as much detailed information about each attraction experience as possible. Our goal is to ensure that everyone is able to make well-informed decisions about their ability to safely, comfortably, and conveniently experience each of our attractions. If, at any time, you feel that you do not have enough information to make these decisions, please feel free to stop by Guest Services in the park, contact Guest Services via universalbeijingresort.com, or call 4008778899. Additionally, we have included specific information for Guests with disabilities. This information provides a clear outline of the accommodations at each attraction, as well as the physical requirements for entering or exiting ride vehicles and other attraction areas. It is important to note that although all of our Attractions Attendants are eager to make your day as pleasant as possible, they are not trained in lifting or carrying techniques and therefore cannot provide physical assistance. We suggest that Guests with disabilities bring a companion who can provide any physical assistance that may be needed.

Our goal is to provide the best accommodations possible to all of our Guests. With the information that follows, and with the information our Team Members can provide in answering questions, we are confident the experience you have with us will exceed your expectations.

03

RIDER REQUIREMENTS

For most rides and attractions, you must be able to independently maintain an upright position, and brace and support your torso, neck, and head while absorbing sudden and dramatic movements throughout the experience. For additional requirements, please consult the ride and attraction listing in this guide. If you have any questions, please see an Attractions Attendant or contact Guest Services.

ACCESSIBILITY ACCOMMODATIONS

At Universal Beijing Resort we are proud of providing accommodations that create a welcoming, inclusive environment and accessible experiences for our Guests.

Once a return time is issued, Guests are free to enjoy other park offerings such as meeting a character, grabbing a bite to eat, shopping, or enjoying area entertainment. Guests can only have one active return time at a time.

SAFETY ADVISORY

For Your Safety

Shoes and shirts must be worn at all times. Read all health and safety requirements for each attraction as they are not all the same. You know your physical conditions and limitations; Universal Beijing Resort does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, do not ride.

04

Ride Information

For your safety and the safety of others, always face forward, keeping your hands and feet inside the ride vehicle at all times. Remain seated until the ride comes to a complete stop and you receive instruction to exit the vehicle.
